**BUILDING YOU
TO STUDY ABROAD**

Abroad Unified Pathway Program

- With more than 15 years of experience and 3000 alumni, we are one of the fastest growing pathway brand in South Asia.
- Abroad Unified Pathways Program (AUPP) is for students aspiring to pursue their higher education from institutions in Canada/UK/Australia/New Zealand, immediately after the completion of Class 12.
- AUPP program provides pathway to information technology and business management degrees.
- Our student-friendly pathway program allows students to under take the first year of their International Bachelor's Program in the home country & then complete the remaining two years of the Bachelor's Program in Canada/UK/Australia/New Zealand – thus saving on the costs and time whilst making all the necessary preparations for overseas studies.
- The 10-month program provides a supportive structure for students to not only gain the academic qualifications, English proficiency and life skills but also get used to the foreign universities culture and curriculum before landing there.

AUPP Vision

- To support students realise their dreams of an international education through our student friendly pathway program
- To ensure that the students excel at their studies and enter the industry culture equipped with the right knowledge, confidence, and ability to perform their best and achieve their professional goals.
- To increase global employment opportunities for students by delivering career-orientated, practical education programs

ABROAD UNIFIED PATHWAY PROGRAM

How is it different from other products?

Key Area	The Online Digital campus	AUPP Pathway
Qualification	Degree from world class university	Degree from world class university
Duration of study	Temporary and by necessity – response to COVID 19	10 months
Transition to On-campus	When travel restriction ease	On completion of qualification in home country
Package offer	Full formal package (including COE) from outset	Conditional offer from overseas institution, formal package including COE issued when ever the student requires to apply for visa (even during the study period)
GTE requirement	Yes as a part of entry criteria	Light GTE to assess visa probability (Full GTE required whenever the student wants to commence visa application)
Flexibility	Limited – on pathway to select university	Choice of multiple Partner universities
Cost	Cost-effective	Significantly cheaper than on-campus study for initial units
Time table	12 week semester	40 week study period
Credit bearing	Yes	Yes
Load expectation	Full load (3 – 4 units)	All Subjects need to be completed
Student profile	Students who already know what (subject) and where (country, city and university) they want to study in	Students who want flexibility to determine their study destination, but want to make the best use of their time in India , and have a head start to their international education cost-effectively with saving me
